MEMORANDUM

Dear Mrs. Hliddal:

This is the final form on program #10, which will be recorded in Hollywood on Tuesday, October 1st. However, it must be mimeographed before I leave on Monday morning.

A copy has been sent to the National PARk Service, Eastern Training Center in Harper's Ferry, West Virginia where it is being checked by a government historian.

I have not yet received back the script for JOHN PAUL JONES which was sent to your office several weeks ago. It also is being recorded on October 1st.

Please excuse the typing and the informality of this note - but it's late and I want this to get out tonight.

Willard Davis
